OBSERVATIONS
ON
RUMINANT FAT METABOLISM
WITH
PARTICULAR RELATION
TO
LACTATION

by

J.W. MAYHEAD

1949

A thesis presented in partial
fulfilment of the requirements for
the Degree of M.Agr.Sc. of the
University of New Zealand.

I N D E X

| | | |
|------|---|-----|
| I. | <u>Introductory.</u> | 1. |
| II. | <u>The Transfer of Fat from the Alimentary Canal into the Bloodstream.</u> | 3. |
| | Frazer's Hypothesis of Particulate Fat Absorption. | 7. |
| III. | <u>General Review of Literature.</u> | |
| | <u>"The Source of Milk Fat in the Ruminant."</u> | |
| | 1. The Relation of Food Fat to Milk Fat. | 12. |
| | 2. The Relation of Non-Lipid Precursors to Milk Fat. | 26. |
| | 3. The Relation of Depot Fat to Milk Fat. | 36. |
| | 4. The Inter-Relationship of Milk Fat Precursors. | 40. |
| IV. | <u>Particular Review of Literature and Aims of Experiments Undertaken.</u> | |
| | <u>Experiment 1 :-</u> The Effects of Feeding an Unsaturated Oil to Dairy Cows on the Butterfat Produced. | 51. |
| | <u>Experiment 2 :-</u> The Effects of Inanition on the Degree of Unsaturation of Milk Fat Secreted by Dairy Cows. | 58. |
| | <u>Experiment 3 :-</u> The Effects of Inanition during the Feeding of Unsaturated Oils to Dairy Cows on the Degree of Unsaturation of the Milk Fat Secreted. | 62. |
| | <u>Experiment 4 :-</u> The Effects of Feeding Stained Fats to Simple-Stomached Animals. | 64. |
| | <u>Experiment 5 :-</u> The Relation of the Degree of Unsaturation of Butterfat to its Keeping Qualities. | 67. |
| V. | <u>Experimental Procedure :-</u> | |
| | <u>Experiment 1.</u> | |
| | Material and Methods. | 69. |
| | Results. | 72. |
| | Discussion of Results | 75. |
| | Summary | 83. |

V. Experimental Procedure (continued)

Experiment 2.

| | |
|-----------------------|-----|
| Material and Methods. | 84. |
| Results. | 86. |
| Discussion of Results | 88. |
| Summary | 92. |

Experiment 3.

| | |
|-----------------------|------|
| Material and Methods. | 93. |
| Results | 95. |
| Discussion of Results | 96. |
| Summary | 100. |

Experiment 4.

| | |
|-------------------------------------|------|
| Procedure and Results | 101. |
| Discussion of Results, and Summary. | 102. |

Experiment 5.

| | |
|------------------------|------|
| Material and Method. | 103. |
| Results. | 104. |
| Discussion of Results. | 105. |
| Summary. | 106. |

VI. Bibliography 107.

VII. Appendices. 112.

| | |
|---|------|
| I. The Determination of Iodine Value | 112. |
| II. Experiment 1. Individual Iodine Values. | 114. |
| III. Experiment 1. Individual Milk Weights. | 116. |
| IV. Experiment 1. Analysis of Variance of Iodine Values. | 118. |
| V. Photographs Illustrating Laboratory Procedure and Equipment for Experiments 1, 2, and 3. | 125. |
| VI. Experiment 2. Individual Iodine Values. | 129. |
| VII. Experiment 2. Individual Milk Weights | 130. |
| VIII. Experiment 3. Individ. Iodine Values. | 131. |
| IX. Experiment 3. Individual Milk Weights | 132. |
| X. Experiment 5. Photograph/Fat Samples | 133. |
